**REQUEST FOR RECONSIDERATION OF DECISION ON  
PETITION FOR WITHDRAWAL OF NOTICE OF ABANDONMENT**

Dear Sir:

In a Decision mailed December 16, 2005, the Patent Office informed the undersigned that our Petition was dismissed. In dismissing our Petition, the Paralegal Specialist merely relies upon the April 15, 2005 certificate of mailing or transmission date contained on PTOL-85. In view of the following clarification, the Applicant respectfully requests reconsideration and granting of the previously filed Petition.

The Applicant respectfully directs the Paralegal Specialists attention to the certificate of mailing date contained on our Transmittal Letter which accompanied and forwarded a check in the amount of \$1,400 dated 04/14/05, form PTOL-85, the Submission of Issue Fee and Supplemental Declaration dated 04/14/05, and the Supplemental Declaration. This certificate of mailing date on the Transmittal Letter clearly indicates a mailing date of April 14, 2005 date (see attached copy thereof). The April 14, 2005 certificate of mail date of the Transmittal Letter clearly contradicts the April 15, 2005 date on form PTOL-85. In addition, the April 14, 2005 certificate of mail date of the Transmittal Letter is a computer generated date which is automatically generated and automatically updated each time the Transmittal Letter is printed. It is respectfully submitted that the April 14, 2005 certificate of mailing or transmission date,

09/621,527

contained on the Transmittal Letter, provides adequate certificate of mailing date evidence which confirms that the Transmittal Letter, the check in the amount of \$1,400, form PTOL-85, the Submission of Issue Fee and Supplemental Declaration, and the Supplemental Declaration were all, in fact, mailed to the United States Patent and Trademark Office on **April 14, 2005**, and not mailed on April 15, 2005—which date is clearly a typographical error. Thus, the issue fee was in fact timely mailed and paid for this application and thus the holding of abandonment for this application should be withdrawn and a petition to revive this application is not necessary.

In further support of the above, I reviewed the file disbursement sheet (see attached copy thereof) for the our patent file concerning the above referenced application (our docket No. ADACHI P188USP1) and hereby certify and confirm that the two postage entries as well as the facsimile entry (sending our reporting letter to the client on **April 14, 2005**) concerning this file all occurred on **April 14, 2005**—it is readily apparent that no mailing or facsimile charges were incurred on April 15, 2005. Furthermore, our post card log (see attached copy thereof), maintained in the normal course of our business to log the mailing of any document to the United States Patent and Trademark Office which includes a return post card as well as the return date of the post card from the United States Patent and Trademark Office, confirms that there was in fact a mailing to the United States Patent and Trademark Office on **April 14, 2005** (see our docket No. ADACHI P188USP1 for the Supplement Declaration accompanying the issue fee and form PTOL-85) but no entry was made in our post card log on April 15, 2005 concerning our docket No. ADACHI P188USP1, although entries were made for other files on April 15, 2005. These two (2) additional documents provide further evidence and confirm that the Transmittal Letter, the check in the amount of \$1,400, form PTOL-85, the Submission of Issue Fee and Supplemental Declaration, and the Supplemental Declaration were all mailed to the United States Patent and Trademark Office on April 14, 2005 and not on April 15, 2005 and the April 15, 2005 date is clearly a typographical error.

Accordingly, in view of the foregoing, it is respectfully submitted that the issue fee was in fact timely paid on April 14, 2005 and thus the holding of abandonment for this application

2/16/06 3:00 PM

should be withdrawn. If any further action is required on behalf of the Applicant to reinstate this application, please contact the undersigned to expedite the handling thereof.

No petition fee is believed payable in view of this Petition however, in the event that a fee is due and payable, please charge the same to our Deposit Account as indicated below.

In the event that the Patent Office disagrees with Applicant's assessment of this matter, the undersigned respectfully requests that the Patent Office forward a formal explanation of why the Notice of Abandonment should not be withdrawn at this time.

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

DECISION ON PETITION

This is a decision on the Petition For Withdrawal of Notice Of Abandonment, received in the United States Patent and Trademark Office (USPTO) via facsimile transmission on November 9, 2005.

The petition is **DISMISSED**. Any request for reconsideration of this decision, or as explained below, filing a petition seeking revival under 37 CFR § 1.137, must be filed within TWO MONTHS (2) from the mail date of this decision.

The application was held abandoned for applicant's failure to timely pay the required issue fee and publication fee. The issue fee and publication fee — Part B Fee(s) Transmittal, form PTOL-85B — was received on April 18, 2005 with Certificate of Mailing or Transmission date April 15, 2005, which is after the (3) month statutory period set in the Notice of Allowance — due date April 14, 2005.

Petitioner notes that the Transmittal form had a typographical error and incorrectly indicated a Certificate of Mailing date of April 15, 2005. Further, that the enclosed copy of their associated letter to the client, confirms that the fees were in fact timely paid on April 14, 2005.

Unfortunately, the associated letter to the client only acknowledges the communication with the client on April 14, 2005, but doesn't provide evidence to support mailing of the Transmittal on the same date. Therefore, it can only be determined that the Transmittal was mailed on the date indicated by the executed certificate of mailing.
